

**NATIONAL  
HERITAGE  
MUSEUM**

March 27, 2006

To Whom It May Concern:

As the Director of Marketing at the National Heritage Museum, I am responsible for planning all museum functions, including receptions for openings of new exhibitions and theme parties related to the exhibitions. We always use Boston's Best Bartending for our museum events because they are dependable and easy to work with. Dianna Kinosian makes sure that every event is carried out as requested and the bartenders from Boston's Best are prompt, helpful and professionally dressed. We also recommend Boston's Best for functions held by renters at the Museum because we are confident about the quality of their services.

Sincerely,

Sherry McIntosh, Director of Marketing
