Dear Dianna:

I want you to know how much the Boston Foundation appreciates the services of a bartender from Boston's Best Bartending. The Boston Foundation has been using your services now for about three years, and you have always provided service that was completely to our satisfaction. I greatly appreciate that you are able to accommodate our requests for staff and to provide additional help when needed it at the last minute.

Your staff is always prompt, they come well prepared, appropriately dressed, polite, and always clean up our space exceptionally well.
